

Let's Get Together with Our Neighbors

NEIGHBORHOOD ICE CREAM SOCIAL - IT'S SO SIMPLE!

- Who: You and your neighbors
- What: A celebration of sundaes, neighborliness and laughter
- When: How about sometime in July or August? Whether it's Saturday or Sunday, or an evening after dinner, plan to enjoy a sundae with all the toppings
- Where: In your neighborhood - on the deck, in the back yard or in a nearby Park
- Why: As friends of Jesus we know Jesus loved to celebrate with people.

Hospitality, community, building relationships with strangers and acquaintances were at the core of His life here on earth. As Jesus said to Zacchaeus, "I want to get to know you better. Let's have a meal together." There is NO program to present. This is about our neighbors and getting to know them better or perhaps for the first time, therefore creating a deeper sense of community. Out of community, conversations can and do happen – conversations that matter – i.e. Conversations about life, family, friendship, even God.

Would you, as a disciple of Jesus and a member of Our Savior's step up to the challenge to organize an ice cream social in your neighborhood and promote hospitality and build community in your neighborhood? It's easy to do. Enlist some of your "songbirds" to co-host.

The Public Relations and Outreach Committee has divided Great Falls and its environs into 13 neighbor-hoods (about 20-30 households each). Montana songbird names have been given to each area. A list of the members and friends of Our Savior's with their addresses in your area and telephone numbers is available in the church office. It is suggested that the prepared invitation be personally delivered; how-ever, it is in door-hanger format should the invitee(s) not be home. If they live out of town, consider a Sunday drive, but do call and then mail the invitation.

Go to our website www.oslcgreatfalls.org for a printable invitation. See Sally for the listings. For more information, contact Pat Orham, 452-8334 or Audrey Parkinson, 727-6434
